Modular seals for large pipes

WA-500-Units

LEAK SEALS FOR PIPE THROUGH WALL ENTRY

- With integrated installation control - no torque control key required
- No re-tightening required
- Nuts moulded into the pressure plate, therefore no loose parts

FACTS

Application range:
- Standing seepage water, pressurized water, waterproof concrete stress class 1

Scope of delivery:
- Lubricating stick

Advantages:
- Optimized bolt geometry
- Large pipe applications
- Available from stock
- Suitable for retrofit sealing
Material:
- Rubber: EPDM or NBR
- Bolts and nuts: Stainless steel V4A (AISI 316 L)

Tightness:
- Gas- and watertight
