Sealing Pipes Through Concrete Walls, Floors
Visual seal pressure indicators when seal is watertight

GKD Modular Pipe Seals with 316L highest corrosion resistant hardware for any pipe sleeve seal available as standard.

Makes a Installers job easier confirmation of all links tight in a glance, no special tools required.

Available for all pipe sizes.

Also standard LU modular pipe seals are supplied with EDPM, NBR or Silicone elements and stainless steel or galvanized bolting is also available.

EPDM is resistant to most inorganic acids and alkali, and some organic chemicals (acetone, alcohol, ketone)

NBR has the best oil resistance qualities of all the natural and synthetic rubber materials. It is superior to neoprene and recommended for all locations where there is constant or intermittent exposure to oil, grease or gasoline.

Silicone element link seals are used where temperature extremes are present.
